# **Towing hitch (without electrical set)**

Class: A50-X Cat. no. F14 Designed for: Manufacturer: PEUGEOT Model: 206

Technical data: D-value: 6,42 kN maximum trailer weight: 1100 kg maximum vertical cup load: 50 kg

produced since 1998 till 06.2003

Approval number acc. to regulations EKG/ONZ 55.01: E20-55R-01 0806

#### Foreword

This towbar is designed according to rules of safety traffic regulations. The towing hitch is a safety component and must be installed only by qualified personnel. Any alteration or conversion to the towing hitch is prohibited and would lead to cancellation of design certification. Remove insulating compound and underseal from vehicle (if present) in the area of the matting surfaces of the towing hitch. The vehicle manufacturer's specifications regarding trailer load and max vertical

The vehicle manufacturer's specifications regarding trailer load and max. vertical cup load are decisive for driving, and values for the towing hitch must not be exceeded.

D-value formula:

Max trailer weight [kg]xMax vehicle weight [kg]Max trailer weight [kg]+Max vehicle weight [kg]
$$x \frac{9,81}{1000} = D [kN]$$
